

HIGH PERFORMANCE SOLUTIONS FOR THE DEFENSE MARKET

Elmet Technologies, a worldwide supplier of refractory metals and fabricated products, provides high performance solutions for critical applications in the defense industry including ballistics and warheads.

Elmet Technologies' **molybdenum, tungsten, and tantalum** have robust physical and mechanical properties with high-density and high-temperature characteristics for the most demanding applications and products:

> [Shape Charge Liners using Molybdenum](#)

> [Tungsten Alloys for](#)

- Penetrators
- Counter-balance weights
- Fragmentation spheres, cubes, shapes

> [EFP \(Explosively Formed Penetrators\) and MEFP liners from microstructure controlled Tantalum](#)

> [High temperature applications such as nozzles and vanes](#)

Elmet Technologies is one of the largest vertically integrated manufacturers of refractory metals from raw material powders to final configuration. Capabilities exist to produce bar, sheet, plate and fully machined components to customer drawing requirements.

For more information about Elmet Technologies' products and capabilities, please contact us at info@elmettechnologies.com or visit www.elmettechnologies.com.

The conditions of your use and application of Elmet Technologies products, technical assistance, and information (whether verbal, written or by way of production evaluations), including any suggested formulations and recommendations, is your responsibility. Therefore, you are encouraged to test our products and review any technical assistance and/or information you may receive from Elmet Technologies with your own resources, and determine to your own satisfaction whether Elmet Technologies products are suitable for your intended uses and applications. This application-specific analysis should include at minimum testing to determine suitability for the intended use from a technical as well as health, safety, and environmental standpoint. Any technical assistance and/or information provided by Elmet Technologies is given without any express or implied warranty or guarantee. You agree and understand and hereby expressly release Elmet Technologies from all liability, in tort, contract or otherwise, incurred in connection with the use of our products, technical assistance and/or information, except as may be contained otherwise in a written agreement between you and Elmet Technologies. Any statement or recommendation not contained herein or in a written agreement between you and Elmet Technologies is unauthorized and shall not bind Elmet Technologies. Nothing herein shall be construed as a recommendation to use any Elmet Technologies products in a manner violative of the intellectual property rights of any third party. No license is implied or granted under or to Elmet Technologies intellectual property. All product deliveries are based on the then current product specification and Elmet Technologies' Conditions of Sale. IN NO EVENT WILL ELMET TECHNOLOGIES BE LIABLE FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES.
